

AGROTOURISM KALPIĆ

BECOMING ONE WITH THE NATURE...

Agrotourism Kalpić

Agrotourism Kalpić found its place near Krka National Park and within easy reach of the old Dalmatian town of Šibenik, in the village Radonić. This village property will leave you breathless at the first sight, due to its respect of the old customs and tradition. This is not a typical country tale but rather a unique experience of Dalmatian hinterland where family atmosphere, authenticity and the loveliest feeling of becoming one with the nature have the main role. Kalpić family will give their best to make your stay memorable.

Surroundings

Far away from the city rush in the immediate vicinity of the most famous waterfall on the Krka River – Skradinskibuk, you will find peace and renew yourself. Untouched nature, rich Mediterranean flora and fauna is the essence of our ambience. If you wish to go on a sea adventure, experience nice beaches and crystal clear sea you just have to travel 17 km from Kalpić. To see how life in Dalmatia and its hinterland truly feels like we recommend you long walks, cycling, vintage or harvesting fruits and vegetables.

Family atmosphere

This story, as everything else in life, for sure isn't a coincidence. Owner Ivan has always loved and appreciated his country estate which he inherited from his parents. He had an idea for a long time to make something, right at his birthplace, that will present his heritage and tradition which then his two daughters could keep alive, and so on. Ivana and Anita are the captains of the boat which today successfully sails on tourist waters and changes the Croatian agro tourism image. What is certain is that the whole Kalpić family enjoys everything they do, and that is recognized by many guests coming from all around the world.

Homemade dishes

Our family story, home atmosphere and even homemade dishes. What keeps making our guests happy and what we care about the most is the food. Fresh fruits and vegetables which we grew with our own hands and harvested on our own land is something we are extremely proud of. Homemade authentic and traditional dishes are made according to our ancestors' recipes. In our kitchen we also prepare the finest cakes and traditional sweets which guests absolutely adore! You will love our homemade olive oil and a rich selection of traditional wine sorts and liqueurs. We feed our animals so that our guests can taste eggs and meat from domestic production. Can it get any better than a rooster baked in a traditional way or prosciutto from Driš?
